

Настройка интеграции с CMD

Создаем конфигурационный файл и вносим параметры доступа, полученные от службы поддержки лаборатории:

```
echo 'LpuCode = xxx  
token = xxx  
url = https://office.cmd-online.ru/api/v1/order/integration  
ftp = 10.10.1.45 ftpplogin = xxx ftppassword = kr4JrL5f '»  
/var/www/mgerm25/conf/cmd.ini
```

Настройки базы данных
